Momentary - Models for applications where momentary push and release is required.

Latching Key-to-Reset - Models for applications where a manual reset (with a key) is required.

Pneumatic - Models for applications where push and release with a holding signal timer is required.

Dual Mount - Designed to fit both flush and surface installation (35mm black back box and flush mounting plate included).

Multi-Function Signal (DPC & SPC) - Available for Key-to-Reset and Momentary models only. Can achieve Single Pole and Double Pole Changeover Electrical Arrangement.

Single Pole Changeover - Only available for Pneumatic Push Buttons.

Standard Function Marking - Affix choice of label upon installation.

- 12 labels in black or white text (depending on colour housing selected) are provided:

- EMERGENCY • EMERGENCY POWER OFF • EMERGENCY STOP • EVACUATE • EXIT • GAS SHUT OFF
- ISOLATE • PANIC ALARM • POOL ALARM • PRESS TO EXIT • SHUT DOWN • SMOKE VENT

Custom Label - If custom label is required, add **-CL** to chosen product code and provide text (max. 20 characters including spaces.)
